

## Great News!

We are so excited to share that we have been blessed with a donation which will allow us to make a down payment on a home for the ministry. We are tremendously grateful for this answer to prayer! Our plans are to begin purchasing the home that we have been renting, which currently allows us to house four young women at a time. Future plans include an addition to the home, which would include an office and more bedrooms, giving us the capacity to have six to eight girls in our program at once. Please pray with us as we continue to raise money and pray for God's provision in order to pay for the home. We will keep you updated on our plans and progress, as well as opportunities to join in on work days at the house. **Thank you so much to everyone who is generously making a permanent home for our ministry a possibility!**

"Many of the things I have encountered in my life have been unpleasant. Deciding to move in (to Hope Home) was probably the best choice I ever made. It opened up many doors for me and taught me the meaning of love, support, and friendship." - Britney

## Updates

**Residents:** Our Father continues to faithfully move in the lives of the girls in our home. In the months since our last newsletter we have had two more young women in our program. God blessed us with the opportunity to work with our first 17 year old (pictured above), who stayed here with her parents' permission. We were glad to have her here and to see her grow each day as she experienced unconditional love for the first time in her life. We thank God for the restoration and hope he shows the girls during their time here and pray that he continues to reveal himself to them in new ways as they move on.

**Mentor Families:** We are excited to have two new mentor families - Scott and Amanda Coers and Stephen and Melissa Gober, of Midtown Baptist Church in Brownwood – working with our residents. Mentor families spend time with the girls on a regular basis, encouraging them in their journey towards freedom and showing them how a godly family operates. These families are invaluable to our ministry, as they become a part of our girls' support system and demonstrate the love of Jesus to them in a tangible way.

**Aftercare:** Part of our vision for this ministry is to extend our impact through aftercare. We are working to find ways to continue to connect with and serve our young ladies, their children, and their families after they leave our program. We keep in close contact with almost all of the girls who have been in our home over the past two years. We hope to be a part of their continued growth through long-term support and encouragement.
